

## *Physio-Neuro*

It's easy to take normal daily actions for granted, such as getting out of a chair or walking. If you have had a Stroke, head injury or have a neurological condition like Parkinson's, Multiple Sclerosis or Cerebral Palsy these daily activities can be a challenge. Physio-Neuro specialises in neurological physiotherapy that can enable you to ease these difficulties by improving function, movement and stamina.

### Why choose Physio-Neuro

- All assessment and treatment sessions in the comfort of your own home.
- Visits made to residential and nursing homes.
- No stressful travelling.
- Treatment by a Chartered Physiotherapist with extensive neurological experience.
- Reasonable costs.
- Convenient times to suit.
- Both adults and children can be assessed and treated.
- Honest appraisal of your prognosis and potential.
- Individualised treatment programmes.
- All neurological conditions treated.

### Area covered includes

- Dorset, Wiltshire, Hampshire and Somerset.
